Evolving Cancer Research in Atlantic Canada

Annual Cancer Workshop

Monday, May 28, 2012

08:00 – 17:00h

Theatre B, Tupper Link

5850 College Street, Dalhousie University

**“MEDICAL IMAGING IN ONCOLOGY:
CLINICAL AND RESEARCH APPLICATIONS”**

The 2012 BHCRI Cancer Workshop will involve various speakers around the theme of imaging and cancer, both for human patients and in biomedical research. There will be presentations from experts in different imaging methods (CT, PET and Optical) and tours of local facilities (limited places - sign up soon!)

Open to all researchers and students from the Atlantic Region.
The workshop is mandatory for CRTP trainees. Other studentship award recipients are encouraged to attend.

A social with food and a cash bar will follow in the Tupper Link Commons from 17:00-18:30.

Deadline for registration: 4pm on Monday, May 14, 2012
Information will be posted on the website: <http://bhcri.ca/events/>
We hope you can join us
